

Full Gospel Business Men's Fellowship in America

"HIS BANNER OVER US IS LOVE" Song of Solomon 2:4

SIBERIAN AIRLIFT REPORT – April 2007

OVERVIEW

The Airlift to Siberia was originated by the Christian Life Church and the local Krasnoyarsk Chapter of the Full Gospel Business Men. We taught a Business by the Spirit conference, held several training seminars, spoke in the Easter service at a Krasnoyarsk Church and Ministered in a Full Gospel Business Men's Convention. The Airlift was short, approximately one week as the participants had to be back in the states in time for the First National Convention of the Full Gospel Business Men's Fellowship in America.

BUSINESS SEMINAR

We taught a six hour Business by the Spirit Seminar in the Hotel of the International Exhibition and Business Center Siberia, a new Hotel and Business Center which had just opened in the city. The Seminar was attended by men and women from several churches as well as the local Full Gospel Business Men's Chapter. On the final night of the business seminar Robert Bignold the Convention speaker prayed for individuals who had pain and sickness in their bodies. Bignold asked those who had come forward for prayer to search their hearts for any anger or bitterness they may be holding toward others. Then he asked them to pray a group prayer and ask God to forgive them because they had held anger and bitterness toward others. After the prayer Bignold prayed for each individual separately. While we prayed for twenty or more people that evening one lady stood out from the crowd. She came forward on crutches. Bignold asked the lady if she had anger or bitterness toward anyone, she said yes! He asked her why she had not prayed and asked God to forgive her when the others prayed. She said she didn't pray because she was not a Christian. Bignold asked her if she wouldn't like to become a Christian and she responded that she wanted to go to a Christian Church near her home but she was afraid to do so. Then Bignold asked why she was walking on crutches, she related that she had been bleeding from her heels since she was a child. Sensing demonic activity in the lady, Bignold Commanded the Demonic Spirit to leave her. Then he asked her if she was willing to ask Jesus to be her Lord and Savior, she responded that she would. As she prayed the sinners prayer tears ran down her cheeks. Bignold had her turn to the crowd and confess that Jesus was her Lord. Then he commanded the bleeding to stop and her heals and body to be healed. All those who received prayer that had pain testified that the pain had left and the condition appeared normal.

TRAINING SEMINAR

During the morning and afternoon hours of Saturday and Sunday April 7th and 8th we conducted three training seminars where we spoke to a small group of Full Gospel Business Men Leaders.

CHURCH MEETING

On Easter day we spoke in the Christian Life Church to a group of some 700 people. During the service we taught the people on the necessity to forgive others if we wanted God to forgive us, then we prayed for the people to receive healing.

ONE HUNDRETH BANQUET OF THE KRASNOYARSK CHAPTER

On Easter evening Bignold spoke to the "One Hundredth Banquet Meeting" of the Krasnoyarsk Chapter. The Banquet was held in the Dining Room of the of the Siberian International Business Center. The Banquet was an elaborate affair with many of the Krasnoyarsk business leaders present. The Banquet which was opened by a local Orthodox Priest included Professional Singers from the Local Opera Theatre, exciting testimonies from a number of local Business men, and then the final speaker from the Airlift Team. We prayed for those with physical problems until 11:30 in the evening. We were able to get three hours of sleep before we had to leave for the airport and make the thirty hour return trip home to Seattle. The team arrived back in Seattle for a day of rest before leaving again for First National Convention of FGBMFA in Portland Oregon.
