Women of Prayer - Women of Purpose

POTF Newsletter 2017 Volume 1

June 2017

What a blessing that we will soon be enjoying the 11th Annual Full Gospel Business Men's Fellowship America Convention in Dallas Texas. This has always been such a special Holy Spirit filled event for everyone who attends. Not only are there very gifted speakers sharing, new friends to meet and faithful ones returning but so many will be ministered to each day as lives are transformed by Jesus.

There are anointed workshops, special speakers, and the Holy Spirit's powerful presence manifests so people will not even want to leave the room after the event. If you have not attended these Conventions – be sure to put it on your schedule for 2018, where members from the USA and the Nations enjoy a loving and powerful time of fellowship and seeking God for new direction in the call to carry out the Great commission.

Partners of the Fellowship enjoy sharing their hearts at the Ladies Tea and Luncheon by giving and hearing testimonies of God's work in their lives; encouraging one another to minister to women in prayer for our nation, the lost to come to Jesus, and our families to be strong in faith – always remembering, "united we stand, divided we fall!"

Women of Purpose

~~~~~

Our women are so capable, professional, compassionate, strong, knowledgeable, and carry the Gifts of the Holy Spirit as they spread His love to one another.

This is the season as never before to truly become that 'Light on a Hill' where darkness wants to prevail!

Our nation, communities, and families are under such attack that we (wives, mothers, grandmothers and friends) must put on the armor of God and prepare to take back what the devil has stolen like Deborah, Esther, Ruth, Lydia, Mary & the Prov. 31 woman.

This is the time and season for His Light to shine for salvations, deliverance, restoration, healing! Therefore, as carriers of His Holy Spirit and His living Word we are more than able to say "here am I – send me!"

Please accept my personal thanks for the love & prayers for me during this 'change of season' without my husband and your Past President.
